Nobody expects the Spanish Inquisition! (Unless you're holding The Unemployed Philosophers Guild's original Monty Python mug.) Spiny Norman. A sheep (trouble is sheep are very dim). Quotes from the iconic series and films. PLEASE! This is supposed to be a happy occasion. Let's not bicker and argue over who killed who. Nudge, nudge, wink, wink. Say no more! Perfect for any hot beverage: coffee, tea, hot chocolate, pumpkin spiced beverage.

"And now for something completely different..."

Nobody expects The Spanish Inquisition! Our chief weapon is surprise - surprise and fear, fear and surprise...I'll come in again.

King Arthur: ... you've got no arms left!
The Black Knight: Yes, I have.

Monty Python reached back through history for their film triumph, Monty Python and the Holy Grail. We have wrought in enamel these graven images: Trojan Rabbit Enamel Pins to honor King Arthur's Quest!

Affix ye these Knight Who Says “Ni!” pins enameled upon raiment or pack of the back – then stride ye forth, demanding sacrifice... of shrubbery.
